

TAKE YOUR FIRST STEP IN A NEW DIRECTION

You need skills and experience to get a job. Join the
MIG Welding Program

*and you will get skills and experience that you can
build your future on.*

On-the-job training.

The *MIG Welding Program* means more than just going to school. You begin by learning welding basics in class but then you move on. In the second half of the program you work for a company as an MIG Welder. It's on-the-job training—and it's the best way to learn.

Free instruction.

The MIG Welding program is free. And you are paid while you are taking the course.

Classes start soon.

Call now. We'll tell you when the next MIG welding classes start and we'll send you an application. Humber College, Queensway Campus, at 252-9441.

MIG Welding—it's the first step.
