

## North Campus Library Children's Area

The North Campus Library welcomes and encourages all Humber and University of Guelph-Humber users accompanied by children to enjoy the Library's Children's Area on the 4th floor of the LRC. The Library welcomes children under supervision; please note the responsibility for the welfare of children rests with their caregiver.

The Children's Area is a special part of the Library. It is intended to provide children and their caregivers with an enjoyable space to study together. By offering welcoming services and policies, we provide students with childcare responsibilities an environment that allows them to focus on their studies and achieve their academic goals.

The Library provides visiting children with knapsacks containing giveaways such as small games, puzzles, picture books, colouring kits, and crayons. Child-friendly devices with entertaining and educational preloaded games are also available for loan at the circulation desk.

Please note, Library staff cannot supervise children or be responsible for their safety.
